SUMMARY

Results-driven Mobile Application Developer with 3+ years of experience building high-performance, cross-platform apps using Flutter and Dart. Proven track record of publishing 5+ apps with a strong focus on clean architecture, 60 FPS fluid UI motion, and responsive design. Leverages an academic background in Data Science to seamlessly integrate smart AI/ML features and scalable data pipelines into modern mobile experiences.

EXPERIENCE

Flutter Developer 2025 – Present
Pakistan Institute of Public Finance and Accountancy | Karachi, Pakistan

Developed secure, high-performance Flutter/Dart accounting apps featuring data-heavy dashboards and secure authentication.

- Built secure authentication systems with industry best practices.
- Managed data-heavy dashboards for financial tracking.
- Optimized legacy API integrations under organizational data policies

Flutter Developer Sep 2024 – Mar 2026
Innovative Widget | Karachi, Pakistan

Led frontend mobile engineering using Clean Architecture and BLoC, translating Figma designs into pixel-perfect, 60 FPS interfaces.

- Collaborated with cross-functional teams to integrate RESTful/GraphQL APIs.
- Resolved memory leaks and optimized rendering cycles.
- Improved general app load times by 25%.

Flutter Developer Intern Jul 2024 – Aug 2024
LOTTE Chemical Pakistan Limited | Karachi, Pakistan

Assisted senior developers in prototyping internal Flutter apps for inventory tracking and logistics.

- Gained hands-on experience with localized databases (SQLite/Hive).
- Implemented state management solutions.
- Contributed to weekly sprints and code reviews.

PROJECTS

PIPFA Present
play.google.com/store/apps/details?id=pk.org.pipfa.studentmember&hl=en-US

A secure student and member portal featuring dual-role SOAP authentication, a custom neumorphic dashboard, and a robust hybrid notification stack.

Hygienic Hub Present
play.google.com/store/apps/details?id=com.innovativewidget.hygienichub&hl=en-US

A high-performance e-commerce mobile application converted from a web platform, featuring recurring subscriptions and personalized push notifications.

SquareOne Management System Present
play.google.com/store/apps/details?id=com.innovativewidget.squareoneadmin

A comprehensive role-based mall management application featuring secure, real-time ticketing and communication between administrators and users.

EDUCATION

BS, Data Science 2024 – Feb 2028
Sindh Madressatul Islam University | Karachi, Pakistan | **CGPA 3.1**

SKILLS

Mobile Development

Flutter Dart Swift Kotlin

State Management
