SUMMARY

Passionate and results-driven **Mobile Application Developer** with 3 years of hands-on experience designing, building, and deploying intelligent, user-centric cross-platform applications using **Flutter & Dart**. Proven track record of publishing 5+ high-performance apps across the Google Play Store and Apple App Store. Combines robust engineering skills with an academic background in **Data Science** to integrate smart AI/ML features, clean architecture, and highly scalable data pipelines into modern mobile experiences.

CORE COMPETENCIES & TECH STACK

Mobile Development: Flutter, Dart, iOS (Swift), Android (Kotlin/Java), Cross-Platform Architecture

State Management: BLoC, GetX, Provider

AI/ML Integration: Voice AI, Speech-to-Text, Real-time Feedback Loops, Intelligent Interactions

Backend & Cloud: FastAPI, Firebase Ecosystem, Appwrite, GraphQL

Databases: NoSQL, PostgreSQL, MySQL, SQLite, Database Optimization

Methodologies: Clean Architecture, Clean Code, Agile/Scrum, Full Lifecycle App Development

PROFESSIONAL EXPERIENCE

Pakistan Institute of Public Finance Accountants (PIPFA) | Karachi, Pakistan (Remote) |

Dec 2025 – Present

Developed secure, high-performance Flutter/Dart accounting apps featuring data-heavy dashboards, secure authentication, and optimized legacy API integrations while managing end-to-end pilot deployments under strict organizational data policies.

Innovative Widget | Karachi, Pakistan (On-site) | **Sep 2024 – Mar 2026**

Led frontend mobile engineering using Clean Architecture and BLoC, translating Figma designs into pixel-perfect, 60 FPS interfaces. Collaborated with cross-functional teams to integrate RESTful/GraphQL APIs, resolve memory leaks, and optimize rendering cycles—improving general app load times by 25%.

LOTTE Chemical Pakistan Limited | Karachi, Pakistan (On-site) | **Jul 2024 – Aug 2024**

Assisted senior developers in prototyping internal Flutter apps for inventory tracking and logistics while gaining hands-on experience with localized databases (SQLite/Hive) and state management. Contributed to weekly sprints and code reviews to align with industry best practices.

EDUCATION

Bachelors of Science in Data Science

2024 - Present

Sindh Madressatul Islam University (SMIU)
